

Tour the MONSTER

ABOUT DOVER INTERNATIONAL SPEEDWAY

With its 24-degree turns, slick concrete surface and intimidating reputation for tough treatment on drivers, cars and race teams, Dover International Speedway has more than earned its "Monster Mile" nickname since the green flag dropped on its first NASCAR Cup Series race in 1969.

The one-mile, high-banked oval hosts a NASCAR tripleheader weekend each year, featuring two national touring series, the NASCAR Cup Series and the NASCAR Xfinity Series, as well as the ARCA Menards Series East, one of the sport's top developmental series.

While nothing beats sitting in the grandstands to witness the excitement of a Dover race, fans can experience a different type of thrill with a behind-the-scenes track tour at the Monster Mile. Available most weekdays, a tour at Dover provides exclusive access through a number of exciting options.

Any guided track tours may include some of these stops:

- Monster Monument at Victory Plaza, presented by Ally
- Ally Monster Bridge
- KDI Office Technology Media Center
- NASCAR Cup Series garage
- Victory Lane
- An up-close view of the track and pit road

We encourage guests to take lots of photos to record their memories of their Monster Mile visit!
